

Rachel Fitz

Senior PHP Developer

With over 5 years of experience designing, developing, and optimizing scalable web applications and systems. Specialized in PHP development, with expertise in frameworks such as Laravel, Yii2, and CodeIgniter. Skilled in building robust, high-performance backend solutions and integrating complex APIs, ensuring seamless functionality and user satisfaction. Known for writing clean, efficient code and delivering projects on time, I thrive in collaborative environments and excel at problem-solving to meet business objectives.
